

# PROJECT:

## LEARNING BY DOING

What a difference a year makes! And the school year is not even finished yet! For your final project, show yourself, your teacher and your classmates what a great year you've had and all the ways in which you've changed.

### MY ACHIEVEMENTS

*Make a short video about your personal achievements. Talk about how you have changed and accomplishments you've made. Everything counts!*

### PERSONAL

What and how have you changed for the better? Think about all the good things you've made. Maybe you learned a new sport, read a good book, cooked something, became tidier and more organised,

...

### EDUCATION

What have you learned so far (not just in school)? How have you become better because of the new things you've learned? What do you think is the most useful or interesting?

### SOCIAL

What positive things have you done for your family and friends? Have you done anything that has changed their lives for the better?

### FUTURE

What are your plans for the future? What can you do to make positive changes for yourself and people around you?
